### ASBESTOS ABATEMENT CERTIFICATION

#### Commercial Structure Alterations/Tenant Up-Fit

Reference the Virginia Uniform Statewide Building Code sections 108.1 (4) and 110.3 to see the extent of compliance and the exceptions as they may apply to your alterations/repair or tenant upfit project. The undersigned party hereby certifies that the structure located at the above referenced address has been inspected for the presence of asbestos **by personnel qualified with § 54.1-503 of the Code of VA** to identify the presence of asbestos and that the results of the inspection are as follows:

- No asbestos was detected.
- Asbestos was detected and response actions to abate any risk to human health are complete
  - **Please indicate the local permit number for the asbestos abatement:** \_\_\_\_\_
- Asbestos was detected or is assumed to be present and response actions to abate any risk to human health will be undertaken as part of the renovation or demolition. **A separate local permit is required to be obtained for asbestos abatement, per VUSBC section 108.1.**

#### EXCEPTIONS

An inspection was not performed on the structure because it qualifies for the following exemption(s):

- The original building permit for this structure was issued after January 1, 1985.
- This project is residential housing with four or fewer units.
- The total amount of suspected asbestos containing materials does not exceed 260 lineal feet on pipes or 160 square feet on any other part of the facility. This exception does not apply to facilities used as schools, as stated in the Code of VA section §54.01-503.
