

**Franklin County**  
*A Natural Setting for Opportunity*

June 17, 2015

Senator Mark Warner  
129 B Salem Avenue, SW  
Roanoke, VA 24011

Dear Senator Warner:

Enclosed is a certified copy of Franklin County's Resolution #05-06-2015 which petitions the Federal Energy Regulatory Commission to extend the public comment period on the Mountain Valley Pipeline Project and to request that an additional scoping public hearing be held in Franklin County. It is our belief that Franklin County will have the most linear feet of pipeline installed of any Virginia locality yet the closest meetings for our citizens have been in Elliston and Chatham, over an hour's drive for many of our citizens.

It is the Board's request that you assist in any way possible to see that these two reasonable requests are granted by the FERC.

Thank you in advance for your assistance. Should you need any additional information, please feel free to contact me.

Sincerely,

Richard E. Huff, II  
County Administrator
