## General Information:

Franklin County Recreational Park has two of the busiest picnic shelter facilities in the county, so make your reservations early! But that's not all - well groomed ball fields, soccer fields, and lighted tennis courts are great for all ages. This park also has the most challenging disc golf course in the state. So, whether you want to hike, picnic, or play some ball, you can do it all here.

Franklin County Parks and Recreation Main Office is also located here.
