Mr. Ronnie Thompson, Chairman
and Members of the Franklin County Board of Supervisors
County Board Meeting Room
1255 Franklin Street
Rocky Mount, Virginia 24151

Dear Chairman Thompson and Members of the Board:

It is my pleasure to transmit to you today my recommendations for a balanced 2022-2023 budget for the citizens of Franklin County. I am pleased that I am able to recommend this fiscal plan for your consideration and look forward to the Board's feedback and response to the many difficult decisions that went into this recommendation.

As you know, Section 15.2-2503 of the Code of Virginia, as amended, states that the County budget shall be developed for "informative and fiscal planning purposes only". It serves as a plan for County operations, maintenance, capital outlay, and debt service and may include reserves for contingencies and future capital improvements. The annual budget must contain a complete itemization of all estimated expenditures, revenues, and borrowings and must be approved by the governing body prior to July 1 of each year. Similarly, the School Board Budget must be adopted by May 15 of each year.

The power of the Board of Supervisors to grant or withhold funds is an important means by which it can determine general County policies and the level of services to be offered. Budgeting is a planning process required by law that enables the Board of Supervisors to examine requests for County funds, to anticipate revenue needs, and to make decisions about the priority of programs and level of services to be provided. It is a work-plan expressed in terms of dollars and as such is an important tool of fiscal management.

Staff's recommendation for the County's 22-23 fiscal plan totals \$182,575,816. This total represents an increase of \$22,278,289 over the current year adopted budget of \$160,297,527 or 13.9% primarily due to school federal funding. General Fund increase of \$6.5 million or 6.70%.

The proposed budget can best be described as a maintenance budget including minimal increases in staffing to keep up with services provided to the County's citizens, increasing funding for employee compensation needs, setting aside funds for additional market-pay adjustments, and to adjust for inflationary pressures. New positions are recommended to be funded in the Public Safety Department to enhance station coverage for emergency services. Funding three lieutenant positions and three paramedic/firefighter positions will provide needed management structure and response capacity with additional staffing possible should the County be awarded funding through a SAFER grant. In addition, a part-time position is proposed to be funded in the Commissioner of the Revenue's office. Other funding initiatives include a 5% cost-of-living increase to match the increase expected to be funded for state employees and state-supported local employees, partially funding salary adjustments based on the compensation study that is nearly complete, funding increased costs at the Western Virginia Regional Jail and the Roanoke Valley Juvenile Detention Center, covering the 12% health insurance premium increase for both the employee and employer portion, funding additional part-time to full-time staffing upgrades for needed capacity in several departments, adding funds for increased vehicle fuel costs, increasing volunteer fire/EMS allocations, increases to the VRS retirement contribution, adjustments for the minimum wage increase on January 1, 2023, and increases due to required contractual agreements or state mandates. County staff has worked diligently to review and reduce, if possible, various departmental budgets and line items. There are no proposed increases to real or personal property taxes. A 2% increase to the meals tax is proposed to provide a recurring funding source for fire apparatus and ambulance replacement.

Increases in functional areas include:

- General and Financial Administration, 7.19% from increases to insurance, contractual services, and maintenance service contracts in the Information Technology department.
- Judicial Administration, 7.14% from operating increases in the Roanoke Valley Juvenile Detention Center.
- Public Safety, 11.12% to fund 3 new Lieutenant and 3 new Paramedic/Firefighter positions in the Public Safety department, additional increases in volunteer fire/EMS allocations, increased fuel costs in Public Safety department and the Sheriff's Office, and Western Virginia Regional Jail debt service and operational costs.
- Public Works, 4.23% for funding part-time staff at the collection sites addressing minimum wage increases, increased fuel costs, and additional recycling costs.
- Health and Welfare, 7.53% due to increases in Social Services and Children's Services Act mandated costs.
- Parks, Recreation & Cultural, 5.56% for increased pay for part-time and seasonal staff, game officials contracted costs addressing minimum wage increases and increased fuel costs.
- Community Development, 8.56% increase to fund additional debt service to the Western Virginia Water Authority, funding for small business development, , and restoring funds for the agricultural fair.

- Non Departmental, 57.96% increase. This area includes personnel and benefits reserves for health insurance premium increases, a 5% cost of living increase for County full-time and part-time employees, funding for market-pay adjustments through the compensation study, funding for part-time minimum wage increases, fuel reserves, and a reserve for employee leave payout.
- Transfers to Other Funds increased by 2.52% due to an increase in School operation funding and new County capital funding for fire and ems capital.

Revenues are projected to remain stable with increases in vehicle assessments driving increases in projected revenue for personal property taxes. General Property Taxes are projected to increase 6.93%, reflective of nominal growth in real property assessed value and enhanced personal property assessment growth. Local sales tax (a clear indication of consumer spending) is projected to increase 13.11%. Internet sales taxes have helped offset reduced sales taxes from brick and mortar businesses. State revenue is projected to increase by 3.02% due to additional funds from increased costs in Social Services and Children's Services Act as well as funds from the Compensation Board for possible 5% cost-of-living increases for Constitutional Office employees. State School funds are budgeted to increase approximately \$1.6 million due to hold harmless provisions related to a drop in average student enrollment and funding for a 5% cost-of-living increase for SOQ positions. Enrollment, however, continues to decline, and a drop of 143 students is projected for the 2022-23 fiscal year. School Federal funds are projected to increase significantly by approximately \$14.2 million due to Elementary and Secondary School Emergency Relief (ESSER) funds, and other funds are projected to increase \$631,000 due to the increased County contribution.

Although this is considered a maintenance budget there were still a number of concerns and circumstances that set the stage for the budget development this year and provided the framework by which this proposed budget was developed. Inflation is at a 40-year high. The high energy costs and labor costs are unsustainable. Significant investments are proposed for fair and equitable compensation for employees and to enhance the competitiveness of the County's pay against external public and private competitors. Adequate pay for emergency services including law enforcement, corrections, and fire and ems continues to be a concern and budgetary pressure.

Of significant note on proposed expenditures are the following:

- Funds 6 new positions in the Public Safety department – 3 new Lieutenant positions and 3 new Paramedic/Firefighter positions; Deputy Fire Marshal position is also funded through part-time and overtime savings
- Increases volunteer fire and EMS allocations
- Increases part-time funding for Parks and Recreation staffing addressing minimum wage increases
- Funds a 5% cost of living increase and health insurance premium increases for the employee and employer
- Funds debt service increases to the Western Virginia Regional Jail and to the Western Virginia Water Authority
- Funds operating increases to the Western Virginia Regional Jail and the Roanoke Valley Juvenile Detention Center
- Sets aside a market-pay adjustments reserve
- Creates a recurring funding stream for the replacement of fire apparatus and ambulances
- Funds inflationary increases for fuel and energy costs and contractual services

In terms of school funding for FY22-23, I am recommending the following:

- Local operational funding of \$34,227,606 which includes new funds of \$900,000
- Decrease County contribution for School share of CSA private day special education costs by \$150,000

- Debt service funding of \$565,000. This amount is a reduction of \$425,567 for the drop in school debt service projected for FY22-23
- Continued School Capital funding of \$1,080,000 plus \$340,000 for school bus replacement for a total of \$1,420,000

Major Capital Improvements proposed for FY22-23:

- Continues Landfill Monitoring and Groundwater Corrective Action Expenditures as well as engineering consulting work on the old and new landfill
- Continues broadband deployment funding and adds Pictometry aerial mapping
- Funds \$474,000 for the upgrade, repair, or replacement of mission critical Information Technology Infrastructure Improvements and computer replacements and user licensing
- Includes \$183,000 for the lease purchase of 3 ambulances, \$287,000 for Fire Apparatus lease purchase payments, and \$515,000 for fire apparatus replacement
- Includes \$450,000 for Sheriff vehicle replacement and \$60,000 for in-car and mobile video cameras
- Provides \$225,000 in local economic development funding incentives
- Funds \$242,000 for various Parks and Recreation maintenance and initiatives
- Funds various vehicle and equipment replacements

The recommendations outlined above require the 2022-2023 Proposed Budget be funded with the following *existing* tax rates:

Real Estate	\$0.61 per \$100 assessed valuation
Personal Property	\$2.41 per \$100 assessed valuation
Personal Property: Heavy Equipment	\$1.89 per \$100 assessed valuation
Machinery & Tools	\$0.70 per \$100 assessed valuation
Merchants Capital	\$1.08 per \$100 assessed valuation
Vehicle License Fee	\$34.25 per vehicle, \$28.50 per trailer and \$25.25 per motorcycle

In closing, I would be remiss if I did not extend my utmost gratitude to the County's staff, who have worked diligently in the preparation of this plan. I would be happy to answer any questions which may have been generated and staff looks forward to working with you over the next several weeks to produce a plan that addresses our fiscal responsibilities for the coming year.

Respectfully submitted,
