#### Planning Commission and Board of Supervisors

Arrington Properties North LLC. A subsidy of Arrington Enterprises Inc purchased the adjoining Williams Property in 2022. This property is located directly behind the fence of our Plateau Plaza location. The property consists of a large brick home and a separate garage sitting on 6.129 acres.

I have a concept drawing of how we would like to use this property (1) moving the entrance to the property further down Wirtz road. (2) building a New covered Double stack Drive thru parallel to Wirtz Road. This one feature would improve the area by getting the Bojangles Drive thru traffic out of Wirtz road during busy hours thru the week and improve the congestion that is there now. The plan would allow Bojangles to stack up to 18 cars from the pickup window to the entrance of the Drive thru lane and this would eliminate the congestion off Wirtz Road. This plan eliminates congestion for all traffic entering and exiting from Wirtz Road and simplifies it in an orderly fashion.

We know that all the new developments and growth from Rocky Mount to Roanoke will increase traffic on 220 and Wirtz Road and we need to improve our property to efficiently handle that growth.

The new concept will include additional parking parallel to Wirtz Road and include EV Charging Stations in some of those parks. These plans include additional RV and Buss parking in the back along with lanes to move traffic around the building that does not interfere with Drive Thru traffic. We are planning to add up to 20 feet to the entire length of the back of the building with plans to include a new larger more efficient kitchen, new larger restrooms, and additional storage. We are planning to remodel the current building as a part of the project.

The property would accommodate Busses, RV's, pick up's w/ trailers, and Box trucks however will continue to restrict large trucks as it does today.

The new property has a large brick house with a detached garage on it which we would like to fix up and rent. The house currently sits on the line of 2 lots. Half is sitting on lot 13 with R-1 zoning and the other half is sitting on B-2 zoning. I am asking that we abandon the lines of Lot 13 (parcel 0360113700) where it joins (Parcel 0360018400. I would like to remove these property lines and rezone the entire property to (PCD) Planned Community Development.

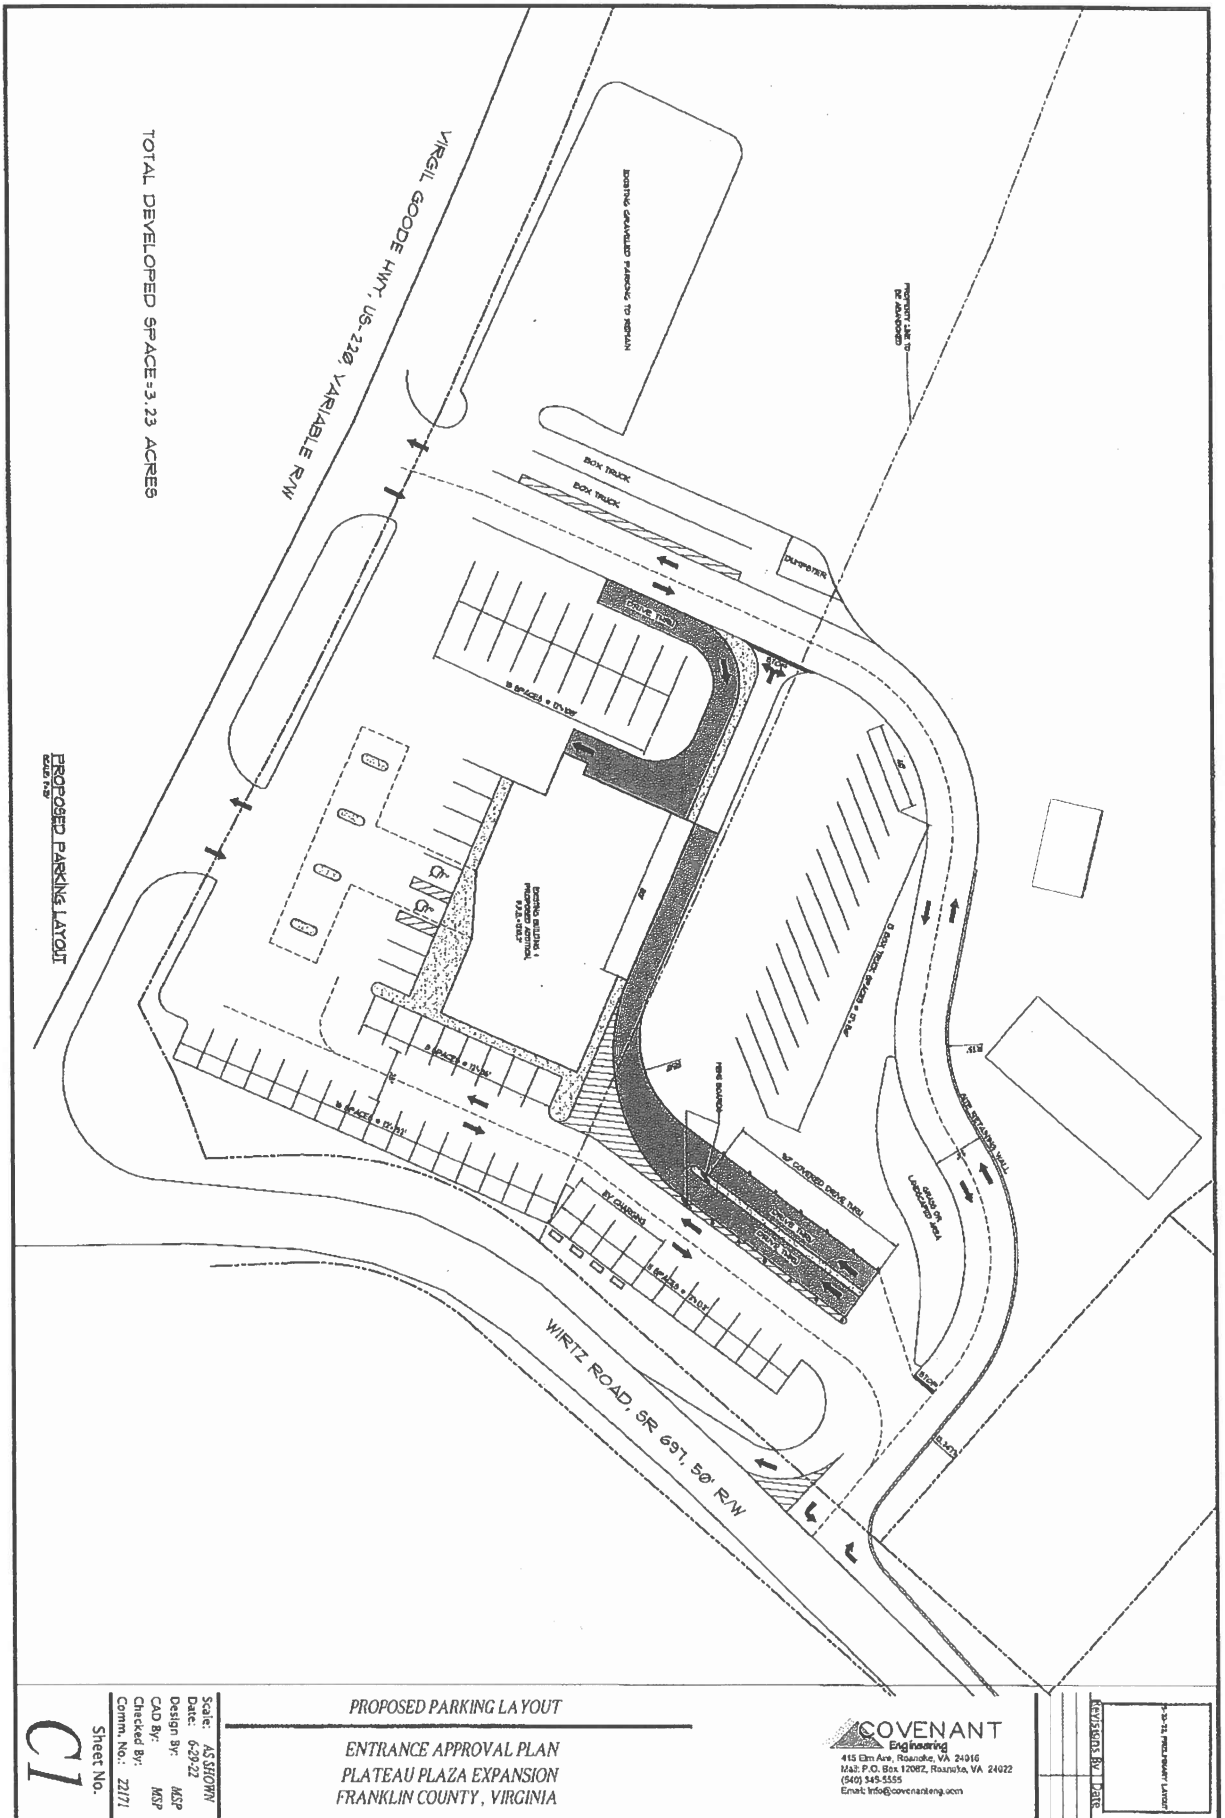

I also request that we abandon lines between this new Parcel 0360018400 and our current Parcel 03601113801, changing the zoning to PCD. This would make the 6.129 acres and the 7.25 acres one track. This is needed as the current building to the property line at Plateau Plaza is less than the required setback for a PCD. My Request is that we abandon the property line between our current property and the newly purchased property and rezone these acres to a PCD.

I am here to answer any questions that may arise. 540-420-4083

Thank You

David Arrington
