RiverStreet Networks is working together with state and local officials across Franklin County, VA to make high-speed Internet a reality for the community. Using capital funds as well as grant funds from Franklin County, the Virginia Telecommunication Initiative (VATI), and the FCC CAF II program, RiverStreet Networks plans to bring fiber Internet to unserved locations over the next several years.

PHASES OF A FIBER BUILD

Available Now

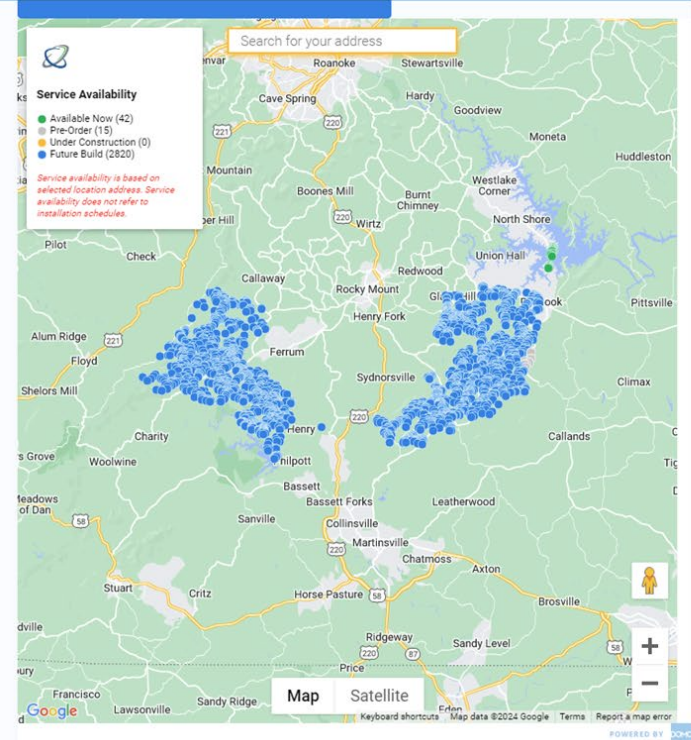

Fiber service is available. Sign Up today.

Under Construction

Construction is in process and we are actively collecting pre-orders.

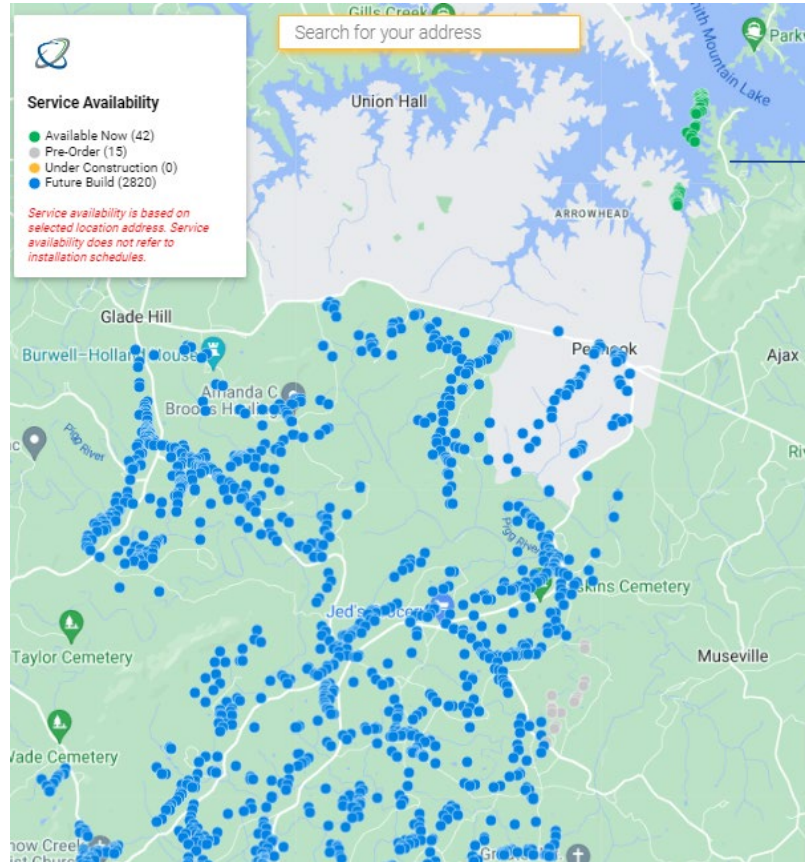

Future Build

We are engineering this area for our 100% fiber network. Let us know you're interested!

42 Locations have RSN Fiber Access

FTTH PROJECT UPDATE

- AEP has completed Dickinson Route Part I (6.1 miles)
- AEP has Dickinson Route Part 2 in construction with 10.2 miles completed
- AEP Make Ready work has been scheduled for Sago Route. Prints are under review with Fiber Engineering
- AEP Make Read work has been scheduled for Endicott Route

Franklin County - Current Project Timeline

July Tasks Underway or Completed

- ✓ Submitted permit drawings to VDOT for RSN portion of Dickinson Route
- ✓ Begin splicing design for Sago & Dickinson Part 2 Routes
- ✓ Begin redesign of Franklin County High Level Design

Tasks Up Next: August

- ❑ Complete splicing design for Sago & Dickinson Part 2 Routes
- ❑ Complete redesign of Stella Route to incorporate new OLT cabinets
- ❑ Complete redesign of Franklin County High Level Design
- ❑ Deliver slack loop and pole location KMZ for Endicott Route

QUESTIONS

THANK YOU!
