**VOLUNTARY PROFFERED CONDITIONS**  
(Per Code of Virginia Section 15.2-2297)

In situations where more flexible and adaptable zoning methods are needed, amendments to the zoning map may be allowed subject to certain conditions that are not generally applicable to land similarly zoned.

Proposed amendments to the zoning map *may include the voluntary proffering of reasonable conditions*, in addition to the regulations provided for in the desired zoning district. Any proffers must be submitted in writing and signed by the property owner of record, and the petitioner if different from the property owner of record. Any such proffered conditions must be made prior to the public hearing held by the governing body and must meet the following criteria:

- (1) The rezoning itself must give rise to the need for the conditions.
- (2) Such conditions shall have a reasonable relation to the rezoning.
- (3) Such conditions shall not include a cash contribution to the County.
- (4) Such conditions shall not include mandatory dedication of real or personal property for open space, parks, schools, fire departments or other public facilities not otherwise provided for in Section 15.2-2241 of the Code of Virginia.
- (5) The conditions shall not include a requirement that the applicant create a property owners' association under Chapter 26 of Title 55 which require assessment for the maintenance of public facilities owned in fee by a public entity, including open space, parks, schools, fire departments, and other public facilities not otherwise provided for in 15.2-2241; however, such facilities shall not include sidewalks, special street signs or markers, or special street lighting in public rights-of-way not maintained by the Department of Transportation.
- (6) Such conditions shall not include payment for or construction of off-site improvements except those provided for in Section 15.2-2241.
- (7) No condition shall be proffered that is not related to the physical development or physical operation of the property.
- (8) All such conditions shall be in conformity with the comprehensive plan.

Important Notes:

A proffered condition is *voluntarily offered by the petitioner of his or her own free will*.

A proffered condition must be in *writing and signed by the owner of the property*.

A proffered condition related to *public facilities or improvements is subject to the applicable state and local regulations and approval by regulatory agencies*. Coordination with agencies is recommended prior to filing a rezoning request.
