

Franklin County Application for Special Use Permit

356 Bethel Lane, Union Hall, VA 24176

Melba Seneff, Black Water Junction Farms, LLC

We are requesting a special use permit for the Black Water Junction Wake Park located on our farm at 356 Bethel Lane, Union Hall, VA 24176.

We own 49+/- acres that are zoned A-1. On this farm, there is a series of ponds that we have installed a cable system so that our son can practice his wake skating for his competitions. We have instilled in our children to find a way to make money doing something that they are passionate about. His idea is to take his practice run and open it up to the public.

The Black Water Junction Wake Park will be open to people of all ages, all experience levels, and from all over the country. He will provide lessons, boards and safety equipment, and riding times. The cable system runs off of electricity, so the noise is very minimal. Please review the video that shows the park, the riding and the actual noise or lack of at:

<https://www.dropbox.com/s/hudn5ecjdama13n/BWJ.mov?dl=0>

The drive coming off of Bethel Lane was a farm path that has been widened, and graveled. There is plenty of site distance from both directions, so there is no danger with ingress and egress. This drive leads to a graveled parking lot that will accommodate up to 100 cars. Both the parking lot and the wake park are not visible from the road. We have also planted Crepe Myrtles and Leland Cypress along the entire fence line fronting on Bethel Lane that will eventually block any view of the farm. The topography of the farm also provides not only site protection, but a noise barrier as well.

The pond has a path along the entire bank that would allow any type of emergency vehicle or service vehicle access to the park. The park is also covered by an insurance policy specifically designed for wake parks.

Because only two riders may be on the cable system at any one time, the number of boarders will be small. The other parks of this kind sponsor tournaments four times a year. Even on an event weekend, the number of people involved might spike, but still less than 100. This is a very individual sport. The park will not have lights, so there will not be any riding after dark.

We have spoken to neighbors and local business people, and have the support of them. Eddie and Debbie Shelton, Danny Perdue, Mike Amos, Ollie and Alise Fralin, Carl Cundiff, and Randall Cundiff have all expressed that this park would be a great asset to the community and the economy because of the uniqueness and the quality of the construction and landscaping.

Thank you for your consideration.

Melba A. Seneff

- > Special use permit is effective immediately after action by the Board of Supervisors
- > Special use permits expire in 18 months if there is no commencement of the use or related activity

FRANKLIN COUNTY
PETITION/APPLICATION FOR SPECIAL USE PERMIT
 (Type or Print)
